VERMILLION DEMOGRAPHICS

Vermillion, South Dakota is a vibrant and welcoming city located in the southeastern corner of South Dakota, along the Missouri River. Situated just 40 minutes northwest of Sioux City, Iowa, and approximately an hour south of Sioux Falls, Vermillion provides convenient access to major markets in the region while offering the charm of a close-knit community.

At the heart of the community is The University of South Dakota (USD), a flagship institution renowned for its academic excellence, Division 1 athletics, and diverse undergraduate programs. As the only home to the state’s law school (Knudson School of Law), medical school (Sanford School of Medicine), and AACSB-accredited business school (Beacom School of Business), USD is a cornerstone of Vermillion’s identity and a key driver of its economy. The university nearly doubles Vermillion’s population when in session, infusing the city with energy, diversity, and innovation.

The city’s economy thrives on a mix of industries, including education, healthcare, agriculture, and small businesses. Vermillion’s supportive local government and the presence of a highly educated workforce make it an attractive destination for businesses and entrepreneurs. Its strategic position along Highway 50 and proximity to Interstate 29 offer seamless connectivity to regional and national markets.
